

# INTRODUCTION

Unlike fine wines, Havana cigars do not suffer excessively from "good" and "bad" years. However, like fine wines, Havanas do improve with age. We are delighted to offer you The Boisdale Vintage Selection of aged cigars. These aged cigars are marked with an asterisk (\*) and command a premium price.

All boxes of Havanas officially imported into the UK carry a colour-coded English Market Selection ("EMS") label which enables the connoisseur to determine the year in which duty was paid on

the cigar. The vintages quoted in this list are derived from the EMS label and indicate the minimum age of the cigar, although not the year of harvest of the tobacco from which it is made.

Members of The Boisdale Jazz & Cigar Club receive a 25% discount on cigar prices except for The Boisdale Vintage Selection. For information about becoming a Member of the Boisdale Jazz & Cigar Club, please speak to the manager on duty or contact the Boisdale of Canary Wharf Membership Secretary Rob Millar on 0207 715 5818 (rob@boisdale-cw.co.uk). # COHIBA

Something of a juvenile, but certainly no delinquent, Cohiba was created in 1966 as Cuba's premier marque for diplomatic use only, remaining so for 14 years. A unique blend, its distribution is tightly controlled to this day.

## CUABA

The Cuaba was introduced in London in November 1996. Cuaba is a word from the Taino Indian language describing a special type of bush which burns very well. The Cuaba is a figurado, the most popular shape in the world until the beginning of this century. Do not be surprised if two Cuabas from the same box are not exactly the same shape - we have watched them being rolled in Boisdale and they are extremely difficult to make.
