A guide to the Scotch whisky regions

Like wines, the single malts of Scotland are grouped by region although these regions offer a guideline rather than a rule. The regions of Scotland are the Lowlands, the Highlands, Campbeltown and the island of Islay all having their own origins in the regulation of licences and duties, but they do also embrace certain characteristics.

The Lowlands

This area tends to produce softer malts, without the peat of the Highlands or the brininess of the coastal malts. The Lowlands is defined by a line following old county boundaries and running from the Clyde estuary to the River Tay. The line swings north of Glasgow and Dumbarton and runs to Dundee and Perth.

The Highlands, Islands and Speyside

By far the largest region, the Highlands embraces wide variations in style. The western Highlands has only a few scattered distilleries, and it is difficult to generalise about their character. If they have anything in common, it is a rounded, firm, dry character, with some peatiness. The far north of the Highlands has several whiskies with a notably heathery, spicy, character, probably deriving both from the local soil and the coastal location of the distilleries. The more sheltered East Highlands and the Midlands of Scotland (sometimes described as the South Highlands) have a number of notably fruity whiskies.

None of these Highland areas is officially regarded as a region, but the area between them, known as Speyside, is universally acknowledged as the heartland of malt distillation. This area, between the cities of Inverness and Aberdeen, sweeps from granite mountains down to fertile countryside, where barley is among the crops. It is the watershed of a system of rivers, the principal among which is the Spey. Although it is not precisely defined, Speyside is commonly agreed to extend from the River Findhorn in the west to the Deveron in the east. Within this region are several other rivers, notably the Livet.

The Speyside single malts are noted in general for their elegance and complexity, and often a refined smokiness. Beyond that, they have two extremes: the big, sherryish type, as typified by The Macallan, Glenfarclas and Aberlour; and the lighter, more subtle style. Within Speyside, the River Livet is so famous that its name is borrowed by some whiskies from far beyond its glen.

Only one may call itself The Glenlivet, only Braes of Glenlivet and Tamnavulin are produced in the valley, and only Tomintoul in the parish. These are all delicate malts, and it could be more tentatively argued that other valleys have malts that share certain characteristics. The Highland region includes a good few coastal and island malts, but one peninsula and just one island have been of such historical importance in the industry that they are each regarded as being regions in their own right.

BOISDALE OF BELGRAVIA

Campbeltown

On the peninsula called the Mull of Kintyre, on the west coast of Scotland, Campbeltown once had about 30 distilleries. Today, it has only two. One of these, Springbank, produces two different single malts. This is achieved by the use of a lightly peated malt in one and a smokier kilning in the other. The Campbeltown single malts are very distinctive, with a briny character. Although there are only three of them, they are still considered by serious malt lovers to represent a region in their own right.

Islay

Pronounced "eye-luh", this is the greatest of whisky islands: much of it deep with peat, lashed by the wind, rain and sea in the Inner Hebrides. It is only 25 miles long, but has no fewer than eight distilleries, although not all are working. Its single malts are noted for their seaweedy, iodine like, phenolic character. A dash of Islay malt gives the unmistakable tang of Scotland to many blended whiskies.

Tasting notes

We have included a brief tasting note for each of the many single malt whiskies on our list which we hope will prove useful to both the novice and seasoned drinkers. By their nature, tasting notes are always subjective and so you may not agree with what we say! We are indebted to the many different sources who have provided these notes, not least *www.whisky-world.com* which provides a wealth of information for the whisky enthusiast.

BOISDALE MORTLACH 1991
SPEYSIDE

Mortlach was the first distillery to be constructed in the whisky town of Dufftown. This is arguably the heartland of malt whisky production and an old adage states that "Rome was built on seven hills but Dufftown stands on seven stills," this is a complex whisky with the sherry wood character adding great intensity. The nose is brooding with sherry, treacle toffee and background smoke. Orange marmalade creeps through. The palate is assertive with juiciness, finishing with rich barley sugar smoke.

BOISDALE DALMORE 1997
HIGHLAND

Dalmore distillery, located on the banks of the Cromarty Firth, was opened in 1839 by Alexander Matheson. The building looks over the water to the fertile Black Isle and a nearby jetty, built by the US Navy when the distillery was appropriated during WWII and is still referred to locally as the "Yankee Pier". The malt is distinguished with an immediate soda bread hit, some rum butter, glazed cherries and marzipan, this malt packs punches beyond its years. The palate is sinewy, toasty, and rich. The finish ebbs slowly with some liquorice and orange.

BOISDALE LAPHROAIG 1990
ISLAY

Islay is a beautiful Hebridean island famed for its whisky distilleries and population of geese which rises to 60,000 at its annual peak. On a clear day the Irish coast is visible to the south-west whilst in the opposite direction stand the mighty Paps on neighbouring Jura. Malty, smoky aromas evolves to reveal leathery hints with toffee and ripe banana skin. The palate gives dry festering smoke on a magic carpet of soft yellow fruit. The lingering finish warms the mouth with prickling phenol and iodine.

836	Ardberg Single Cask <i>Islay, distillery bottling for Verdier in Italy 1 of 246 bottles</i> Of the many 72 cask Ardberg has released this is one of the finest. At the distillery almost all the remaining bottles were used in tastings and such research. This remains, as a result one of the rarest of all Ardberg bottling. The whisky itself is quite simply stunning the nose is rich with layers of dense oily phenols, tropical and green fruits, with an unusual distinctive medical streak running through it. On the palate the ancient peated malt detonates and after 31 years still come through clean and balanced. 653	Bowmore Darkest 15yrs <i>Islay, distillery bottling</i> The sherry aroma is fantastic, together with almonds and mature oak. The peaty notes become an excellent foil to the fruity flavours and do not allow the sherry to totally dominate. Hints of the sea drift in given a little time in the glass. 692	Glen Ord 12yrs <i>Northern Highlands, distillery bottling</i> Sweet and dry malt with sherry notes. Medium to full body, malty and very clean. Begins simply with the malt, then comes a dash of barley-sugar sweetness and a spicy, gingery, note with a crisp hit of peat.	40%	£16.30
744	Glen Ord 25yrs <i>Northern Highlands, distillery bottling</i> Full of flavour and very appetising indeed, this is the second special release from the only Northern Highlands distillery to retain its own maltings. Matured in a mixture of American and European Oak casks, there are only 3600 numbered bottles worldwide. Often described as "perilously drinkable", it has only been available as a single malt in the last ten years and it is presented in a unique, hand etched Glen Ord decanter. Glen Ord is fresh, lively with well balanced flavours of honey and lemon juice, some acidity and dry spices. The finish is medium length crisp, smoky and dry.	58.3%	£37.30
820	Glen Scotia 12yrs <i>Campbeltown, bottled by Gordon & MacPhail</i> A very nice nose, clear and straight away, very spicy (pepper) where some sherry hints and hay smell on the background. A very nice complexity. The mouth confirms the nose, with nice spicy hints, clear chocolate notes, plum hints and a warm finish, pleasant with nice "pruneaux d'agen" aftertaste. The whole is exceptionally complex, pleasant and without any aggression. A very nice whisky anyway.	40%	£9.10
748	Glen Spey 12yrs <i>Speyside, distillery bottling</i> The whisky is very attractive from the very first nosing with an impression of lightness, together with some spice hints. The taste confirms the first impression a finish of average length prolongs the pleasure for some minutes. The second tasting confirmed the rather pleasant character of this whisky, and the finish seemed longer than the first time. A rather strong and long aftertaste on malt notes remains for a while in the palate, and the pleasant spicy taste disappears slowly.	43%	£11.90

We were nominated for the award for being 'consistently good and staying true to our core values.' For six generations everyone at Glenfarclas has taken personal pride on the quality of the whisky we produce, so it was a great pleasure that these values should be recognised by the industry

It was this pride and sense of history which lead us to create a collection of limited edition

Glenfarclas expressions – The Family Casks

BIN		Number of bottles	ABV	Per 50 ml
824	Glenfarclas Family Cask 1952 There is lots of nuttiness and marzipan on the nose, with vanilla trying to fight its way forward. The taste is light, bitter, sweet, sour, smoky, every possible combination of flavours. Even some citrus and orange cordial. At 57 years old, this is the oldest bottling of Glenfarclas to date.	96	47.3%	£370.00
825	Glenfarclas Family Cask 1957 A very rich, dark whisky, which reflects almost no light through the bottle. Strong, rich tannins are immediately present on the nose. However, you will also experience lots of sherry, rich stewed coffee, a fresh bag of liquorice; many different aromas as this delightful whisky is released into the air. After about 20 minutes you might even sense macadamia nuts. This is a very big, heavy whisky rich in alcohol soaked fruit. Almost bitter to begin with, then a delicate sweetness present. A strong double espresso immediately comes to mind. It has a bitter, dark chocolate aftertaste, present for a very long time. In short, a fantastic whisky. A great treat.	94	46.2%	£233.00
826	Glenfarclas Family Cask 1963 A lovely rich, dark whisky colour more often associated with a dark cognac. A big heavy sherried whisky; great if you like them big and powerful. This bottling is more than 40 years old but has lost none of its appeal. Still strong but not overpowering. Some vanilla and citrus present at the back of your mouth almost like the caramelised fruit you'd find in a fruit cake. A wonderful long finish sitting heavily at the back of your mouth. Sherry flavours and fruit cake wonderfully balanced.	420	56.7%	£104.00
827	Glenfarclas Family Cask 1969 This strong, dark red whisky is a great all rounder just fantastic from nose to finish. It is more than 55% Vol. And the strength is apparent on the trademark Glenfarclas nose, which is heavily sherried and rich with fruit and lots of fresh ripe plums and nectarines.	89	55.6%	£85.00

BIN		Number of bottles	ABV	Per 50 ml
833	Glenfarclas Family Cask 1990 This bottling has a hint of redness and is darker and richer than you would expect from the '90s. The thick, powerful nose is bursting with sherry and Demerara sugar. The lovely malty flavour keeps pace with the powerful rich viscous flavours of sherry. It's a full whisky that demands respect; high in alcohol and flavour. Adding a little water does not tame the flavours. Instead, it simply elongates the sensation until you reach the lovely caramelised fruit flavours near the end. The finish is something to write home about – very elegant and refreshing.	617	58.9%	£36.60
834	Glenfarclas Family Cask 1994 The nose leaves you thinking of pear drops. It's buttery in character with gentle hints of vanilla essence. Perfumed. Citrus flavours are ever-present with some fresh herbs and spices, underpinned by light sherry and vanilla. The finish is pure sherry but some earthy flavours are also present.	628	59.6%	£30.50

718	Glenfarclas 10yrs <i>Speyside, distillery bottling</i> A straw gold, delicately light, sweet and malty dram leaving a long slightly spicy finish. Always impeccably well made, this is a whisky that always delivers in quality.		40%	£9.10

BOISDALE OF BELGRAVIA

In the summer of 1886 Glenfiddich's founder, William Grant, set out to fulfil a lifelong ambition of creating the 'best dram in the valley'. With the help of his seven sons and two daughters, William built his distillery in a single year. Their hard work was rewarded on Christmas Day 1887 when the first drop of spirit flowed from the small copper pot stills. William named his distillery Glenfiddich, Gaelic for 'Valley of the Deer'. Over 120 years later, Glenfiddich is one of the few single malt distilleries to remain entirely family owned and the whisky has become the world's most awarded single malt, a true reflection of the passion, integrity and innovative spirit that have been passed down through the generations.
