The Best Jazz Bars in London

Boisdale, SW1

Scotland and jazz music aren't a traditional combination, but it's a winning one. The food (and whisky) is Scottish and excellent, and the nightly live jazz music is the best in the business. You wouldn't expect any less with Jools Holland as the patron of music. There is a cigar terrace, and even an Oyster Bar & Grill in the Canary Wharf venue. *Branches in Canary Wharf, Belgravia, Bishopsgate & Mayfair.*
